MP Update: Ontario Vaccine Booking Website

Ontario has now published its online portal for vaccine registration:

covid-19.ontario.ca/book-vaccine

Current eligible groups include:

- seniors over 80;
- seniors who are 60-64 years old (for AstraZeneca);
- First Nations, Métis, and Inuit adults;
- chronic home health care recipients;
- long-term care home residents and staff;
- assisted living residents and staff;
- retirement home residents and staff;
- essential caregivers for care home residents;
- personal support workers;
- front-line healthcare workers.

DO NOT BOOK AN APPOINTMENT UNTIL YOU ARE ELIGIBLE.

We will update you by email once Ontario has changed eligibility criteria, scheduled to expand to seniors 60+ by April.

If you are eligible, please schedule an appointment and get the vaccine, so we are all safe soon.
